To Rupert and all at Best of the Best,

## L'ÉTAPE DU TOUR 2009

Thank you for your extremely kind donation to Get Kids Going! We are very grateful indeed for all your wonderful support and kindness towards Get Kids Going! and the unique support it gives to disabled young athletes and children.

Get Kids Going! provides disabled children and young people from all over the country with personalised wheelchairs, trikes and other mobility aids to use at home, go to school, and play with their friends. We also provide sports wheelchairs for disabled youngsters to compete in sports such as marathons, rugby, athletics, tennis, skiing etc. Without Get Kids Going! many, many young people would not receive such equipment which, as you can imagine, makes an enormous difference to their lives, giving them freedom, independence and a wonderful interest in sport. There is no other charity in the UK quite like Get Kids Going! that encourages disabled youngsters in the same way.

Get Kids Going! receives no government funding whatsoever, so you can imagine just how delighted we are to receive your kind donation. There are over 100,000 disabled children and young people in Britain who need the help of Get Kids Going! which, sadly, the NHS is unable to help. There are also a further 10,000 disabled youngsters who would love to have a sports wheelchair to enable them to participate in competitions locally, nationally and internationally. Maybe, one day, with help from individuals like you they will become British or Paralympic champions.

I am sure you can now see why we are so very grateful for your kind donation and the wonderful support you have given to Get Kids Going!

Thank you once again for all your kindness and support. We are very, very grateful indeed.

Well done at L'Étape du Tour. You were a star!
