

A big thank you from Send a Cow to

Best of the Best Plc

For very kindly donating

£500

to bring new hope to African farmers

*Your contribution will enable **Send a Cow** to provide livestock and training in sustainable farming to some of Africa's poorest farmers to help them combat poverty and malnutrition. The offspring from the livestock you have funded will be used to pass onto another farmer, so the effect of your generosity will be felt for many years to come.*
