Dear Friends,

Thank you so much for your kind donation of £500.00 to Great Ormond Street Children's Hospital. It means a lot to know that we can count on people like you, whose generosity makes it possible for us to give desperately ill children the extra care and support they need. Great Ormond Street Hospital is a special place, but we need your help to keep it that way.

Thousands of children pass through our doors each year, many of them suffering from very complex and rare conditions. Each one of these young patients is unique, and we do everything in our power to help them, and the families who love them.

Here's how you will help to make Great Ormond Street Hospital better:

- Your donation will help us to buy more technical equipment, both medical and surgical, to give the best possible treatment to every child.
- Your support will help us provide special accommodation for families. Some of our young patients have to undergo painful treatments, or the trauma of major surgery. It means so much to a child when the person who comforts them most can stay close by their side.
- Your gift will help us to continue our pioneering research to find more cures for childhood diseases - help more sick children make a full recovery, and spare children in the future from suffering such illnesses at all.

Your contribution will help us with the on-going rebuilding and refurbishment of the hospital.

We look forward to contacting you again in the future to show you how your generosity has helped the children.

Yours sincerely,

Sandra Benson
Supporter and Income Services Manager
